VEDANT GOYAL

Software Developer Engineer

7007593142 vedantg114@gmail.com LinkedIn GitHub Leetcode

SUMMARY

Experienced Software Developer with hands-on internship experience building **production-level applications**. Skilled in feature development, backend API integration, debugging, and performance optimization. Leverages **AI-assisted development tools** to accelerate implementation, improve productivity, and deliver scalable, high-quality solutions in real-world development environments.

SKILLS

Programming Languages :	Python, SQL, Javascript, C++
Frameworks & Libraries :	Node.js, Express, XML, RESTful APIs, Pipelines, Data Validation
Tools & Platforms :	Postman, GitHub, Git, AWS
Databases :	MySQL, PostgreSQL, MongoDB, Firebase Realtime Database, Redis
Additional Skills :	Kotlin, ReactNative

EDUCATION

JSS Academy of Technical Education Nov 2022 - Present

B.Tech CSE *CGPA : 8.51*

Coursework: Data Structures & Algorithms, Database Management Systems, Object Oriented Programming

EXPERIENCE

SDE | Internship Oct 2025 - Feb 2026

Cache Digitech Pvt Ltd *Gurugram*

- **Developed** Python and Node.js scripts for ITSM and HRMS data modules, automating transactional data workflows and validating data integrity post-release.
- **Enhanced UI components** for the HRMS portal, improving **UI consistency** and reducing UI-related issues by **25%**.
- **Implemented API validation**, authentication, and structured error handling, ensuring secure and reliable backend services.

***Skills Used* :** *Node.js, Express, RestfulAPI's, PostgreSQL, React-Native*

Mobile Developer | Internship Apr 2025 - Jun 2025

FoodieRee *Patna*

- Built a **data-driven in-reel food ordering system** using Kotlin and MVVM, enhancing user interaction responsiveness by **30%**.
- Integrated **ExoPlayer (Media3)** for smooth reel playback, reducing video load time and buffering to deliver a **lag-free viewing experience**.
- Collaborated with UI/UX and backend teams to implement real-time ordering within dynamic video content, optimizing performance and boosting user engagement.

***Skills Used* :** *Kotlin, Firebase, MVVM, Xml*

App Developer Lead | Self-employed Mar 2023 - Present

Google Developer Students Club *Noida*

- Led **Android development initiatives** at GDSC, organizing technical sessions and driving collaborative app-building projects on campus.
- Conducted **Kotlin & MVVM workshops for 50+** developers, improving understanding of scalable UI architecture and real-world app workflows.
- Mentored beginner developers on **application structure**, code organization, and Android best practices, enhancing practical development skills.

PROJECTS

Hemolink | Github Jul 2025 - Sep 2025

- **Architected** a real-time donor-recipient matching platform with async event-driven backend, reducing emergency response time by **35%**.
- **Built** automated SOS alert system notifying **100+** donors in parallel; integrated AI assistant backed by live MongoDB data, improving support resolution by **40%**.
- **Developed** a secure and scalable backend architecture with role-based access control and robust request validation, ensuring data integrity and reliable performance during critical emergency workflows.

***Tools Used* :** *React, Node.js, Express, MongoDB, REST API*

IT System and Asset Management | Github Oct 2025 - Dec 2025

- **Built an enterprise IT asset management system** that automates the complete asset lifecycle across approvals, procurement, QC, renewals, and exits, **reducing process delays by 40%** and improving operational visibility.
- **Designed a structured workflow and role-based approval system** enabling managers, IT, procurement, and support teams to coordinate assets, tickets, and BYOD compliance with full audit tracking, **minimizing process conflicts** and approval bottlenecks.
- **Developed SQL query scripts** and automated validation routines, ensuring data accuracy and **reducing manual data entry errors by 40%**, accelerating asset resolution.

***Tools Used* :** *React Native, Python, PostgreSQL, REST Api's, RBAC*

ACHIEVEMENTS & CERTIFICATIONS

- **Smart India Hackathon 2024:** Ranked Top 40 in college-level selection round.
- **DSA Supreme 2.0 Certification:** Completed advanced **Data Structures** & **Algorithms** courses
